- Client deposit returns are subject to withholding tax, calculated based on the prevailing rates on the date they are credited to the account.
- The remuneration rates for certificates of deposit (CDs) and term deposits (TDs) are determined by the placement duration, which must not be less than three (3) months.
- When the placement duration is less than one (1) year, interest is payable in a single installment at maturity.
- For placements exceeding one (1) year, interest is payable at the end of each annual period and at maturity for any remaining fraction of the year.
 - For any early redemption of CDs or TDs, interest is calculated for the actual placement duration, based on the interest rate applicable to the fully elapsed period, reduced by one (1) percentage point (1%).
