

Farid TRAD

Member of the Board of Directors

Farid TRAD is Vice President of Bunkering & Energy Transition at CMA CGM, a global player in sea, land, air and logistics solutions.

Farid has been with the CMA CGM Group since 2005 and is currently in charge of the Energy Department to drive energy transition, which is at the heart of the Group's sustainability strategy. In alignment with this mission, **Mr.TRAD** is also responsible for Pulse, the CMA CGM investment fund dedicated to energy transition.

Mr.TRAD is responsible for sourcing and supplying all energies for the Marine and Aviation divisions, both conventional and renewable. This includes, for example, LNG supply solutions across the world as the Group adopts LNG for its new vessels, leading the way to more sustainable maritime transport.

He is also in charge of the development of alternative fuels such as biofuels, biomethane, synthetic and e methane and green methanol as new solutions for decarbonizing the maritime sector.

Part of Farid's responsibilities include coordinating at Group level all efforts to comply with environmental regulations (e.g., IMO and EU) and to build long-term decarbonization trajectories.
